

**KOVAX** High Quality  
Coated Abrasive  
Selection

**For Auto**

*Value  
Your  
Time*

- Increase quality without sacrificing speed -

**KOVAX**

# TRI-PRO

- Dry sanding paper for entire sanding process -

Grit Available

**P60-P600**

- Fine uniform finish from aggressive approach
- Suitable for most sanding purpose
- Anti-clogging treatment is on the top layer

# Premium

- Premium dry sanding paper for entire sanding process -

Grit Available

**P60-P600**

- Flexible premium paper backing with fine uniform finish and long durability
- Suitable for most sanding purpose
- Special anti-clogging treatment is on the top layer

# MAX FILM

- Dry sanding film for entire sanding process,  
particularly E-coat and FRP -

Grit Available

**P120-P600**

- Powerful dry sanding film with tough flat film backing
- Maximum cutting power, long lasting use, and uniform finish
- Special anti-clogging treatment is on the top layer
- Grit No. is displayed on the grain side

# Yellow Film

- Premium dry sanding film for top coat -

Grit Available

**P800-P2000**

- Flexible soft flat film backing realize "Just" performance
- Long lasting and super fine uniform finish
- Special anti-clogging treatment is on the top layer
- Ring marks are hard to stick

## MAXCUT

- Reinforce dry sanding paper for heavy duty work -

Grit Available

**P60-P180**

- Patterned coating surface realize anti-clogging and anti-heat
- Maximum and aggressive cutting power ever
- Never succumb to any hard sanding work

## Super Assilex

- Innovative dry sanding system for entire process  
especially the scratch control before coating and painting -

Grit Available

● K240 ● K320 ● K360 ● K400  
● K500 ● K600 ● K800 ● K1200 ● K1500

- Excellent sharpness and toughness
- Realize to skip the work process
- Extremely soft and flexible base
- Sharply decrease a risk of rework

## Buflex

- Innovative dry sanding system used as final sanding  
step before polishing -

Grit Available

**Black** K3000
